Come have some fun in the sun! Many of us have done this trip in the past and it has always proved to be a great experience for the kids. We have seen lots of incredible sea life from turtles to baby Sand Sharks and the boat ride itself is Awesome!

We should arrive as soon as 11:30 to check in and sign the waiver then we will board the boats take a beautiful ride out to the reefs and they will provide the equipment fins, snorkel, mask and floatation vest if needed.

The thrill and comfort of catamaran sailing is spectacular aboard Quicksilver, the largest commercial sailboat in Key Largo. Enjoy daily snorkel trips to the beautiful coral reefs of the **PENNEKAMP STATE PARK** and the National Marine Sanctuary. Swim in the warm, clear waters surrounded by tropical fish and coral. Off and on the boat is easy with our "Stairway to Heaven". Relax in sunny or shady seating areas. Learn to snorkel with our professional instructors and friendly crew.
